Wait let me guess, it's because I've played a game more than 300 hours over the last two years?

Probably less than a third what you've played it, what with you always kicking ass in your 1v1's that you don't dodge.

Yeah okay, if you want to call me a nerd go ahead. I'm just saying. I'm not the one that constantly bitches at people after he gets called a cheater.

Go find some new guy to beat and gloat about how awesome you are. I don't have fucking time for this anymore.
