On the window sill she sat a weeping, and with each tear her life went seeping.

A candle.

From house to house I go, sometimes narrow, sometimes wide.

And whether there is rain or snow I always stay outside.

A path.

And thirdly I last for you. It seems to puzzle quite a few. But if you ponder for a while, the answer will come with a smile.

I ask that you translate these words:

REASM NCNVE OTMLE SEHST TAOEI

How is this a riddle? Anyway I think it translates to "Meet in the classroom at seven" because its the only thing that I've gotten from it that makes any sense what so ever.

Now please qwert, go do something constructive.

edit Qwert and ouchbunny are indeed the same person if anyone was wishing to finally confirm this once and for all....
