I have it, and it is totally insane.

The SSE is much longer than I thought it be... I played it for 2 1/2 hours and I'm only 23% completed...

Zion Fox Isn't GTA IV Playstation Exclusive? From the trailers i doubt the xbox would be able to handle the graphics reasonably without some major degrading of performance, or visual quality. No, actually. It is on the 360 as well. And I think that the 360 version gets extra features.
