We (Midas) have applied for Road to V this year. With your help we could get the opportunity to perform at V Festival later this year! We recently supported Rosalita, last year's winners of the competition!

Check out our Road To V Profile and show it some love. We've uploaded one of our new tracks, Animal Farm, an exclusive to the website and some video will soon be following.

I just ask for 2 minutes of your time to register, drop us a nice comment and rate us (5 stars obviously!)

You can also check out another 5 of our songs and get more info on us from our band MySpace.

This really doesn't take more than 2 minutes to do and there is an option upon registration to make sure that your details won't be shared with any third parties and you won't be sent any unsolicited emails or anything of that nature. It's completely free and the website is secure.

Note: Given the nature of this forum I have to ask you all to take this seriously and not to vote us 1 star plainly because you don't like the genre of music.

A MASSIVE thanks to anybody who does this, you could be the key to us performing at V Festival this year! I really appreciate it.

Questions/feedback welcome.

Dave
