blazer is right,  
he pulls the word just simply out of my mind.

emo kids who complain at their life are just stupid they actually  
look for a reason to think they need to die  
its because they want to be like that like any other subculture  
but being suicidal is retarded, that why i hate them

suicidal people are stupid because they simply cant handle life,  
they are too scared for what comes, too afraid to face perhaps the REALITY.
