It's actually good to see the Renegade forums post going about Renegade once but..  
What is it with all this lmfaoo and lmfaoooooo trooperm02 style.  
That's just making your post look ridiculous.

Quote:Why do even the most skilled clan players think that someone was cheating if they get owned bad?  
A lot of clan players would not be able to handle or deny getting owned by public players. If it does happen you will get replies like "1v1"?

Quote:This guy goes by the nick "ExPedro"  
Heard of the name vague but I doubt he is active in clanwars at the moment?

Quote:I was playing in my homeserver St0rm:  
I don't hold to high of cap on that server, but whatever fits I guess.

Quote:Now anyone who has been playing Renegade should know that a person improves with constant playing.  
Some don't.

Quote:I am sure I am not upto the gaming calibre of clan players. But there is no doubt about it that I have mastered this game. I have been playing this game most of my spare time since January 16, 2007. I am no joke.

No there is some public players who were on level of some clan players at a moment, without playing clanwars. Jadams303 anyone.

Quote:It is too easy for me do whatever I feel like doing in game. I have no problems owning with any vehicle or character.

That's great now learn how to use the force.

Quote:The bad part about all this is that I actually liked this guy "ExPedro" and he is a pretty good sniper. But obviously, if I kill him, then I must be using aimbot!  
It goes by I am killed so he must be cheating!

I wouldn't worry about it. Next time if you get accused make sure to have evidence, screenshots or what so ever where you are being called a cheater or hax to back-up your story.

Fraps, Howie's, Gadwin is your friend.
