IronWarrior wrote on Sun, 30 March 2008 22:19Hm, I need a new Renegade community to join and play at, but which one?

<http://www.black-cell.net>

There renegade server is the kinda like the metaphorical embodiment of the mother of all other Renegade servers.

Unfortunately they have recently been suffering from low player counts, but there server is really awesome. There moderators are pretty cool, you have to pretty much be a cheater, racist or homophobe to be banned. But they allow plenty of slack for "smack talk". Just the way I like it really, they aren't ban happy.
