I'm barely religious, I hardly practice religion excessively, but I don't find it okay at all for you to be able to come on here and bash religion and the whole idea.

People have the right to believe what they want, sure, but I'm not one of those insane christians that's going to come on here and OMG Y U WAGING DIS WAR AGAINST CHRISTIANITY. There's just some things that don't need to be said.

Or at least could be said a little more maturely.

Arrogant little child.
