CaptkurtAircraftkiller I'm the one saying "Havocman, just shut the fuck up... shut the fuck up" and getting everyone to tell him to STFU, which lead to the spazz.

saying "Havocman, just shut the...." etc.

I'm starting to think this is a word he just leaned about and is trying to use it where ever he can.

Did you even listen to the recording? Havocman made a fool of himself... NO ONE was ganging up on him. All we did was laugh, which caused him to scream and finally quit. Havocman was the one insulting Canadians. Insulting ACK with his "Mr. Criticism" comment, which by the way was what caused us all to laugh, mostly because of the way he said it. The only people picked on was Pak, and that's because he makes a fool of himself. Havocman was throwing most of the deliberate insults at everyone, so he deserved what he got.

I've never really flamed anyone before, mostly just pointed out errors, but keep up this useless stuff, or I may have to start. Remember according to you, everyone is a narcissist. According to <http://www.dictionary.com> you are exhibiting symptoms of a superiority complex

traits you possess the number one is your narcissist." You were referring this to everyone that was there, and from a former post, the professional editors of the world. I'd say that's trying to put everyone at a lower level than you)

1. A psychological defense mechanism in which feelings of superiority counter or conceal feelings of inferiority. (Lately you seem to have the need to label everyone in a bad way. Trying to hide your thoughts of inferiority?)
