It is indeed a great game,

GG.

RCT's campaign is actually fun to play, unlike two, which I found to be a waist of money, a few of 3's level's are fun but it still seems to be more fun to play threw the first one.

I like the corkscrew follies.... Also I love simcity 2000, however for some strange reason it lagged on my computer. My favorite part was building a giant city then destroying it with the "Star Diaster" button. HAHA LOL ROFL I found a new way to crush bluethen's city! MUHAHAHAHA
