Sn1per XLHi i made a map but i dunno how to save it i read ACK tutorial on cncden.com but i cant seem to save it right here what i did

got rid of the folders it said to then

i clicked export mod package i typed in my map name "walls_Jday.mix" i exported i went to renegade and i selcted my map and i was walking on air what did i do wrong?

Try my tutorial, see if it helps you. saving to a .mix format
