Generals was one of those solid, sharp, RTS games touting good units with a modern theme. It was just what the common RTS market needed.

I could not agree there at all, I thought it was done poorly and unrealistic.

I was not being that specific with the gameplay (there are flaws). Overall, it was a solid package. Compared to the other modern RTS games that came out, Generals was way better. It is safe to say that Generals was the best modern RTS back in 2003 thru 2005.

Of course, now World in Conflict is the best modern RTS game around.
