Section 1:

"Then you do EXACTLY THE SAME YOURSELF!"

That sentence you picked out is nothing like what your doing.

Section 2:

Nonsense in the fact that its dead on and how could you even try to claim otherwise? All you say is personal opinion...again, it refuted your stand but you refuse to face any of it.

Section 3:

Again, for the last time...NO I DIDN'T. Stop putting not just words but entire sentences and morals into my post. Nothing like this was said, stop inventing stuff. As for peoples opinions, those are theirs to make...so far I've seen more post in my favor than yours.

Section 4:

"or something" If you actually bothered to read you would see that I was refuting your main points of argument. You know...the whole point to this thing.

Section 5:

We were not debating at that time and I guess the word "dipshit" is a brotherly term where you are? Also "WAH WAAAH THEY ONLY WANT MONEY" seems kinda like an insult...especially since I never said those words but my comments could have been taken that way.

Everything else is just trying to get you to actually talk some facts and not opinions.

"be a better place if you knew where your front door was"

I think I could find it...

As for the rest of you, see attachment.

"you're pathetic at debating because every insult you've tried to throw at me has been utterly false"

Wow, you cant be serious. This whole time I've tried not to insult you at all and stick on subject. I think the last thing i said was "little mind" and even that was over the line for what I try to go for. BTW in a debate you attack the subject, not the debater.
