Well maybe they do it not to just keep playing there, but to screw them over and to pretend that we got past there shit and there stupid ban list. I however do not that stuff because I am not banned there.

Also Ken1001, please post the whole story here and there. It would be nice that we know what was going on. Because there has been so many people that has complained here and have really been telling a line of bullshit making us think that they are not cheating. *COUGH* Troopmon2 *COUGH*
