I'm not trying to put him/them down I'm just saying that speaking the truth it doesn't matter what the owner of the community/clan thinks it is what the majority of others think, and tbh I haven't really heard much about it and am already happy the clan/community(though it isn't that close to one) that I'm involved in so you won't see me going to check out another one unless I hear things from other people to go check it out.
