Reaver11 wrote on Wed, 30 April 2008 14:12the M16 in the commando mod is not from westwood.

sure? and the knife beta havoc (logan) wears on the concepts looks similar like in the command mod package too!

----

so the only beta weapon we have is the pistol...

because the laser rifle and laser chaingun are skins made by commando too.

may be, i can ask e.g. Peter Larsen, if they could get the demo stuff free.

why they should not, its damn old.
