That's bullshit. He is not in the marines, or even in the "military" itself. So that power-trip fuckhole had no right to go and yell at a bunch of "kids" in a store.

If what you say is true, then a marine can go and yell at someone in the air force, the national guard...what's next...a marine seargant yelling at a police officer because his shoes aren't shined?

If he was a marine cadet, it was totally appropriate, but he is not, so what that guy did was extreme bullshit IMO.
