So let me get this straight,

Username = pokemon
Password = pokemon

If so I can't get it to work.... Also Blazer the .ISO is not there:

The screenshot shows a Microsoft Internet Explorer browser window. The title bar reads "The page cannot be found - Microsoft Internet Explorer". The address bar contains the URL "http://renegade.dneshosting.com/C&CFirstDecadeISO/GameDWD.iso". The main content area displays a 404 error message: "The page cannot be found. The page you are looking for might have been removed, had its name changed, or is temporarily unavailable." Below this, it lists troubleshooting steps: "Please try the following: • Make sure that the Web site address displayed in the address bar of your browser is spelled and formatted correctly. • If you reached this page by clicking a link, contact the Web site administrator to alert them that the link is incorrectly formatted. • Click the [Back](#) button to try another link." The error code "HTTP Error 404 - File or directory not found. Internet Information Services (IIS)" is also shown. At the bottom, there is a "Technical Information (for support personnel)" section with links to "Microsoft Product Support Services" and "IIS Help". The taskbar at the bottom shows the Start button and several open applications: "draft_book.doc - Microso...", "Command and Conquer: ...", "DarkWorld Community • ...", and "The page cannot be f...".
