First off dont put it in ur data folder

1)Open up the map with xcc mixer

2)delete the two files

C&C\_Hourglass.idd

C&C\_Hourglass.lsd

inside the map

3)put the new

C&C\_Hourglass.idd

C&C\_Hourglass.lsd

files you just made inside there

4)done do NOT PLACE INTO DATA

Correct me if im wrong?
