Ryu wrote on Thu, 08 May 2008 18:58Ok I beat that ugly mother fucker that is Lou, And completed the game.

Through the Fire and Flames is a pretty awesome track to play but really hard.

I tried playing on Medium and sucked, I also want to play The Devil Went Down to Georgia but I take it you have to complete the game on a harder difficulty setting eh? (Well that sucks balls.)

DGDTG on Hard is insane.. I cant do it.

On Expert...it's harder then THrough Fire and Flames.
