---

why cant i get it i think i put the codes in the right places.....unless someone cant tell me? but this is what i get

```
1>.\gmscripts.cpp(68) : error C3861: 'Get_Random_Building': identifier not found
1>.\gmscripts.cpp(128) : error C3861: 'Get_Random_Building': identifier not found
1>.\gmscripts.cpp(1506) : error C2448: 'GDIreChatCommandReg' : function-style initializer
appears to be a function definition
```

but like i said i not sure what file to put them in but ya

im also confussed on this and all the other codes everyone release here...wat files to put the code in
