i get banned from the marathon server FnFall with out a reason, they ask me to take a test and in that moment the game done. I wasn't cheating so i want answers why they bann me " i play in this server for more then 1 year or more idk. is one of my favorite server i have not reasons to cheat. Please guy get the real cheaters the ones who change the account, the ones who get new IPs and keep cheating !!! i still the same bananavy from the first time i start playing this game in 2003/2004 !!
