AceTim1080Oh Cmon, does nobody no where to get the Apache Helicopter in Multiplayer Mod, not only have i seen it, but ive seen people wit it as there pic, sum1 must now how to get it, and btw, is reborn that one mod wit the mechs?

Um.... if you Didn't know about the MP maps that allow you to use the orca and the apache, maybe you should explore the WW maps a bit more before you go screaming " i cant find ne, it stinks! They all suck".

Download the latest version of the Tiberian evolution find it at the C&C Ammo archives --> <http://www.planetcnc.com/ammo/> and there is more than just a few names changed.... have even tried to purchase the vechiles? that would explain why you didn't know about the orcas & apaches...
