I typed in my username and password and it showed me a "MESSAGE OF THE DAY" then it asked me where my location was and then a screen popped up and it said "CONNECTING TO QUICK MATCH" and I waited a little while and it said "OPERATION TIMED OUT" and I waited some more and it said "CHANNEL LIST RECEIVED SUCCESSFULLY" and then the screen never changed to anything....It's not frozen or anything because I can click on a Button that says "BACK" and it works...It just stays on the same screen that says
"CONNECTING TO QUICK MATCH"
"OPERATION TIMED OUT"
"CHANNEL LIST RECEIVED SUCCESSFULLY"..

CAN SOMEONE PLEASE HELP ME FIX THIS!!!!!!
