Subject: Re: renegade will not work after vista update
Posted by Romaner on Sat, 31 May 2008 17:31:54 GMT

i installed resurrection and when i ran it said it does not know what version of renegade i have...
but i told it to contionue anyways.

now it crashed the same exact way as before but i dont have a debug forlder in my renegade.

i only have 4 folders in there:
data, de, html, resurrection.
