I got to say, Troop used to be annoying in the past, but since say 3 months or more, he actually seems to make somewhat decent posts.

Before this, well let's call it a revelation on troops side, he was rather annoying, and IMHO deserved a (temp?) ban. And, as far as I know, most of the useful people on renforums agreed on that, certainly at that time.

So if you had posted this earlier, than you would have to ban most of the useful people from renforums.
