So long as your reason for not believing in him isn't based on some highly flawed argument.

(There are far too many of those)

MY REASON FOR NOT BELIEVING IN GOD IS THAT I PRAYED TO HIM BUT I STILL DIDNT GET A PONY!

cheesesoda wrote on Wed, 11 June 2008 10:10Actually, it would be argued that it's the result of human nature. God lets it happen because He has given us free will. In doing so, God allows man to destroy itself in any way it sees fit, but also allows us the ability to repent and follow His will. It's human nature that inherently destroys itself, and God allows it, otherwise we can't truly have free will if He intervenes.

Yeah, im pretty sure the african inherits wanted to be born in an environment that sucks
