Why would I play you, when?

1. I play for fun and I doubt playing against you would involve any fun for either you or me
2. I got nothing to prove against you: everyone here already knows you're a complete retard
3. even you got nothing to win in this: if I win, you will look even more like a retard. If I loose, everyone will still think you're a retard.

I never claimed to be an even semi competitive player but I do like to play some private funwars against like-minded players now and then . And God knows you and I aren't like-minded. have a nice evening.

BTW: good games against BBF tonight, Rage!
