egoflux0 wrote on Sat, 21 June 2008 05:33and Jesus was Jewish... well, the historical Jesus (I think?) =D

Yes he was a Jew, and brought only a few new teachings that weren't previously in Judaism. But for the most part he just confirmed the Torah and all the commandments.

Which makes me wonder why Christians don't follow the Jewish commandments, if Jesus told you to do so (not eating pork, not eating dairy with beef, women veiling their hair after getting married, and all that.
