Ok for one, i told you that i would take your admin away if you added me to another big convo then you turn all emo and shit and start to threaten to delete everything. So we take your admin and all access to the FPT away from you. Then you start deleting your work which i had no problem with. Then FWWhit3 wanted to use your frontpage which i told him to use the old one we had... And tbh... you've been sending people you copy of IPB ever since you got. SO you can't say shit. And sadukar don;t comment on what you don't understand NX was going nowhere and takes in nubs. And you just fuck them over even more so i'd just stfu tbh.
