Blazer wrote on Sun, 06 July 2008 15:23Are there \*any\* games that have widescreen support? I can't think of one that has a widescreen video option, although I have played several on a widescreen and it was fine after I got used to the weird aspect ratio.

Well, more recent games do have widescreen support most of the time, so I don't know which games you played, but ....
