I got banned after that by a MODERATOR.
Well, that's generally how getting banned works. Were you expecting to get banned by another player, or perhaps Chuck Norris?

Also, I fail to understand the logic where if it was spamming over a half year ago, then it's not really spamming.

But anyways, thanks for crapping on yet another Rp2 thread. It would be nice if we could have one complete thread without your shenanigans. Please save yourself the trouble and humiliation by not posting again, and let's maybe get back on topic.
