On the Christian side though,...can't imagine life as I know it without God...He keeps ME going.

Religion is "parents deed" too O.o

Of ALL of recorded history, every human tribe under the sun worshipped something...so your statement of "religion is parents deed" goes flying out the window lololsolol...! unless ofcourse, if it means specific religion.

yeah ok lol. Ignorant tribesmen and wild savages are the kind of people you would want to associate with as the type of people who find religion. I'd bet a million dollars that now because of true education and science that more people than before are atheist or agnostic.
