Dthdealer wrote on Wed, 16 July 2008 22:07Do you have the latest directX? If you are running 10 then downgrade to 9, otherwise just install 9.

......

DirectX 10 is a different API than DirectX 9

It's like comparing apples and oranges. Sure, they are both fruits, but they are otherwise totally different... You cannot "downgrade" from one to another, they are both installed.
