doomkid21 wrote on Thu, 17 July 2008 17:23I have the perfect idea to test modified objects!  
Have someone join another's passworded server(both server owner and person testing the  
cheat)EDIT:Only the person joining should have the cheat.

And you guys can check what you need to look out for!

Epic win!

Just about as epic win as an 1 MB image in your signature....

Pretty much fail...

As it is not like we're not yet fully aware about what cheats can and cannot do.
