Okay, I know this is shameless advertising for this young site, but we need hits and we actually have something very interesting for you.

Our guys went to E3 2008 and got to sit down with a C&C lead and a member of the development team for the upcoming C&C game. Here's the link to the Q&A:

And if you want to send me hate mail/anything feel free to ridicule me at [nathan@digitalchumps.com](mailto:nathan@digitalchumps.com).

I just wanted to be upfront and honest about my intentions.
