it seems to me that the TT team wants the pointmod in place everywhere to accurately test it out they're trying to make renegade better with it, but for that server type specifically i know people like it how it is; it's the most populated server, and whatever it's doing is apparently working

putting the pointmod on it could ruin whatever it is that makes people keep coming back for more

are we working on a compromise for when the patch comes out or after the beta testing is complete?
