Heaven forbid that we don't want to hold your hand every fucking step of the way. Seriously, if you're potty trained, you can figure this shit out on your own. You are potty trained... right?

The vast majority of us have figured shit out on our own. You can't go through life being told every god damn thing and expect to make progress. It's called effort, and it doesn't take a Hell of a whole lot of it to figure this game out. FFS.
