Probably not cause you don't play WoW. (Or do you?) He's played Renegade for over a month. He's related to Heavy. It should be easy enough to deduct that he would know even the slightest amount of drama. I can only assume that he didn't randomly stumble upon Renegade. I bet he learned of it from Whorequeer. Even if heavy did show him Renegade, do you think that Heavy, one of the most hated people in all of Renegade, would really tell his cousin about his reputation? nonetheless renegade forums? I think Heavy being so hated would be so blatantly obvious that he wouldn't have had to tell mafia that he's been banned.

I would find it hard to believe that they hadn't attempted to play on a server together at least once or twice. Chances are, Heavy would have been kicked/banned, and mafia would have seen the kick/ban messages.

Look, I'm not saying mafia isn't trustworthy. I'm not saying he's Heavy. I'm saying, I don't see him being that intellectually superior to Heavy that warrants my approval.
