Cool

Instead of making a high explosives how about just scaring people like this (got it off a anarchy web page)

Take a wet paper towel and pour a given amount of baking flour in the center. Then wrap it up and put on a rubber band to keep it together. When thrown it will fly well but when it hits, it covers the victim with the flower so you can tell them its antrax.

Tip. Put Green dye into it and say its radio active.

:twisted:
