RON PAUL!!! YEEE HAWW!!

Seriously.

Also, there are too many racists in this country to allow Obama to win.

But politically correct, I hope people will realize, like someone else said above, that Obama's campaign is all about trying to make people like him, not solving actual issues. I mean come on... Voting rights for illegal aliens????

His campaign slogan should be "The color of my skin is no reason to hate me. It is a reason to vote for me though."

And now I'm getting off on another anti-Obama rant, so I'm done.

Ron Paul isn't a third party candidate.
