pawkyfox wrote on Sun, 03 August 2008 12:06TT team should not be taking orders from anybody. They should have their OWN timeline, their OWN goals, their OWN agenda...

ofcourse, improving Ren is the overall motive here...

EA wants the approval of the community before they release officially realease the patch, I think. And having a small group of people make up some major changes for a game that's been played for 6 years could not turn out well.
