The arty is the best seige vehicle due to its firepower and price.

On field a skilled mrl user vs a skilled arty user... mrl will usually win. However if the arty manages to make it to the barn(for cover). The arty will take the field.

As i know the first thing people do is arty whore wf on field then when gdi wakes up they siege hon with mlrs, usually thye wake up too late so when arties whore the wf i just harv walk ob with hottie :)sorry a bit offtop.

Edit: And they do fit the enemy teams if are limmited (nod steals mammys and meds with sbhs usually, and gdi gets 1 or 2 stanks, lights they fit very good at dfence
