Yes it would be cool to have a somekind of drop down.

eg:

LOL

LOL2

LOL3

Leopard

Lenny

crapy name

something

and u tipe:

/L *menu appears

LOL

LOL2

LOL3

Leo

Lenny

and u click it and the name appears (not necessary for clans) but it would be cool to add a clan system, so u don't have to change ur name only add clan and tags appear atomaticly without losing: Ladder points, recs, medals etc. (depends on the server)

If it has bee tipped already sorry in a hurry can't read all
