It's hard to ignore a ban poll where over 80 % of almost 70 voters ask for a person to be banned.

It's clear that Trooprm02's posts bring a feeling of negativity over this community. In the past, his spam and flaming was countered by other posts he made that had a real input. During the last months, this positive input has slowly driven off.

After discussing this with Crimson it was decided we will follow the public opinion and permanently ban trooprm02 from the Renegade forums. I hope trooprm02 can respect this decision, made by us and supported by the community as clearly shown in this poll.

I wish him the best of luck for the future and I hope he'll do some self analyzing of his behaviour.
