No one gives a shit if you call them a kid over the internet. Besides, this topic is about McCain's VP pick, not about your retarded e-penis length.

Good job showing just how much you don't care by replying for your fellow anime-avatar dweeb. While that's very noble of you, you two should rather sit down together and try to figure out female anatomy for the odd chance you'll ever have a sexual encounter...crying won't change your dreadful situation.
hahahhahahahahhahahahhahahahhahahahhahahahhaahahahha

holy fuck you're retarded.

Seriously man, you're making judgments about other dudes sexual aptitude? over the INTERNET?! Massive fail.

Newsflash: Your internet buddy thought the g-spot had something to do with the clit...I'm not judging him, I'm just drawing the obvious conclusions from what he posted. Oh and being insulted in nerdspeak makes me a sad panda...please stop...
