That's not what I meant.

RA3 continues the storyline and has some of the same characters from RA2 like Tanya, Einstein and some others. What I am saying is that some actors brought in to fill the roles of these RA universe characters are not fulfilling. Maybe my perception will change as I play through the game but I am not liking the initial scenes I am seeing.

FYI, I like C&C3 movies.

EDIT:

And lets not forget the crapload of female heroines they have brought in for each faction. Why should there be a Soviet heroine rather than some bear-like guy like Boris? Should they feminize everything?
