Not very exciting but I like when facilities setup cams so you can just watch what's going on.

That was awesome. ^^

... and if world gets eaten by a black hole we wouldn't feel anything. We would just die in not even a second. So why not try? I like doomsday devices

WHAT GORDON FREEMAN? Quickly, support this project, send some crowbars to them.

I think the Renegade community as a whole, should post them a package with a crowbar inside a glass box with the words "incase of Blackhole, break glass"
