Toastyyeah lol that site is really screwed. I've been working on a new one for a few days now.

Here's a link:

I've got to change the border colours but you get the general idea

I'll get the storyline link up right now

Nice design.

Dude that hand seriously rept me out when i first saw it....

it looked like it was ripped open .

I see it's a DNA string now, right?
