Not only am I wasting hard drive space, but also time in general with it if I'm not really being entertained.

Also, I COULD get some money easily still for it, but it's just an annoying little gimmick to make people have to re-buy their weaponry all the time. I don't even see a cash shop right now to buy permanent weapons anyway. If they DO come out with that, it's somewhat understandable, but still annoying as hell.

Besides, I had more fun with APB, and APB bored me pretty quickly. They're both free, lol.
